Villamanta Disability Rights Legal Service Inc.

Villamanta is a free Statewide Community Legal Service that works only on disability related legal and justice issues.

Our main purpose is to make sure that Victorian people who have a disability know about the law, and use the law, to get their rights. Our main focus is the rights of people who have an intellectual disability.

We provide:

- **Freecall telephone information, advice and referral service**
- **Casework on disability related legal issues**
- **Community Legal Education**
- **Policy and Law Reform**

All of these services are free to people who have a disability.

Some of these services are also provided to people who do not have a disability, who are involved in supporting people who have a disability.

Our Mission

Villamanta's mission is to protect and advance the rights of Victorians who have a disability, by advising, informing and representing them and acting as an advocate on disability related legal and justice issues.

Telephone information, advice and referral

For information or advice about a disability related legal issue you can call Villamanta Disability Rights Legal Service. If we are not the best people to help you, we will tell you who can help you.

You can use the **Free call** number if:

- you live in Victoria and
- have a disability or
- are calling us as an advocate, friend, relative or carer of a person who has a disability or
- work for a non-government or not for profit service.
-

1800 014 111

1 p.m. to 3 p.m.

Monday to Friday

All other people are asked to use our other number **(03) 5227 3338** to call us.

Policy and Law Reform

Villamanta also works to change government policies and laws to try to get a fairer go for people who have disabilities.

This is done through lobbying politicians, negotiating with government departments, organising community campaigns, working with other community groups and sometimes running cases in courts.

Legal Casework

Villamanta employs a lawyer whose job, where possible, is to help people with their disability related legal problems. This might include giving advice, representing people in tribunals, writing letters and negotiating on behalf of people. It is not possible for us to help everybody who would like us to. So that we work for people who need us most, we use guidelines and a priority system worked out each year as part of our planning process. If we cannot help you, we will try to find you someone who can. Villamanta prefers to speak directly to the person with a disability, where possible.

Community Legal Education

Villamanta provides free community legal education about the legal rights of people who have a disability, mostly to people who have a disability.

Our community legal education includes visiting and talking with groups of people, or giving out written information, about legal rights issues affecting people who have a disability.

Training for service providers may be able to be arranged, for a fee.
